## Pricing 14<sup>th</sup> January 2019

# PHOTO RESTORATION

The prices below are guidelines. When a price is specified, it is on inspection and discussion with you that a final price is given. Most restorations fall into the \$55 to \$95 range. The high quality resolution scan is included in the pricing. Levels 1-3 come with a complimentary premium glossy, archival quality pigment based art print up to 10x15cm. Larger prints incur a small additional cost. A selection of quality archival fine art papers is available. All prints are premium long life or museum quality art prints.

\* **Retouching of Photographs** is available – this includes enhancement of colour (not colourizing), contrast and brightness, minor sharpening of image, small minor blemishes removed.

**Prices from \$45 - \$50** (no restoration work)

\* **Colourization or Colour Replacement** - \$55 to \$70 (This is a timely process and depends on the numbers of colours and tonal quality required). This is extra to any restoration work that may be required. This process is carried out after restoration of the image which may fall into any of the levels below.

LEVELS	DESCRIPTION
<p><b><u>Level 1</u></b> \$55 - \$75  <b>Minor Damage</b></p>	<p>A general improvement of your photograph – lessening or removal of some scratches, small spots and blemishes, minor creases and tears in non-essential areas (if larger marks are on face or part of the body is obscured, it is considered <i>moderate damage</i>). Brightness, contrast and colour adjusted. Curled edges repaired, cropping of edges if required.</p>

<p><b><u>Level 2</u></b> \$75 - \$95 <b>Moderate Damage</b></p>	<p>A more in-depth restoration where damage doesn't comprise the quality of the photograph. Removal of medium size scratches, medium spots and blemishes, minor cracks, slight crazing and minor tears. Minor reconstruction in non-essential areas if required. Tone, brightness, contrast adjusted. Minor fading and colour adjusted. Minor mildew and minor silver mirroring. (Major marks and staining/discolouration on faces or body is considered major damage).</p>
<p><b><u>Level 3</u></b> \$95 - \$150 <b>Major Damage</b></p>	<p>Significantly damaged photographs. Replacement of minor missing areas or reconstruction. Combining or blending two photographs together. Fading, medium discolouration, staining, spots or spotting throughout, silver mirroring, photo in pieces or torn. Broken glass with photo in pieces or pieces missing/ stuck to the glass. Reconstruction due to mildew or mould infection (bad mildew or mould infection falls into extreme damage). Old Photos, reconstruction of buildings, aircraft automobiles, boats, clothing etc. and objects requiring research. Photographs produced by historical processing techniques more than 95 years old. Photos from damaged negatives or photo proofs. <b>ARTWORK</b> - digitally cleaned – yellowing, stains, fading, mildew.</p>

### **Major and Extreme Damage**

**\* BE AWARE THE WORK REQUIRED WILL TAKE TIME TO COMPLETE AS EACH SECTION OF THE IMAGE IS WORKED THROUGH CAREFULLY AND IS A TIME CONSUMING PROCESS.**

### **Extreme Damage** – pricing of assessment of photograph

Major soiling, extreme crazing, flaking, major tears and pieces missing in essential areas, photograph in pieces. Bad fading (BE AWARE NOT ALL FADED IMAGES CAN BE RETRIEVED), major staining and spotting, badly water damaged, areas lifting or flaking away, areas yellowing . Extreme mildew or mould infection and where reconstruction requires research and rebuilding from a composite.

**PLEASE NOTE:** *Cases of extreme damage are estimated on an individual basis. In cases of major and extreme damage, restorations may take considerable time, effort and skill to achieve a satisfactory result. Rebuilding can only go so far and results of extremely damaged photographs may represent what was in the original image - EVERY EFFORT IS MADE TO COMPLETE THE RESTORATION AS CLOSE AS POSSIBLE TO THE ORIGINAL PHOTOGRAPH.*

*TimeLens will always endeavour to restore a photograph. If we feel that the photograph can't be restored we will inform you of this at the time of assessment.*

# Archiving and Scanning- Pricing 2019

Have your important family, business, club collections, photographs, slides, personal documents, and certificates scanned as quality, high resolution images and digitalised to long life DVD disks or USB flash drives.

All scanning is manual NOT automated and each item is individually scanned and edited on a high performance photo scanner. No work is outsourced.

All images are scanned as high resolution tiff files (lossless) then reduced to 700ppi and saved to your memory device as JPEG files. Prices listed here do not include any restoration work on the images. The only modification done to the image files are to negatives converted to a positive image before saving. Unless otherwise requested by you. All images are at the original size unless enlargement is requested (this incurs a small charge of 25c per image).

Included is:

- . image rotation
- . basic brightness adjusted on request
- . colour enhancement offered (and additional cost of \$1.00 per image)
- . colour cast removal where possible and on request

## *Pricing Rates*

**Photo album Handling Fee \$15**

**Resizing of Images 25c per image**

**Colour Cast Removal where possible 35c per image**

**35mm slides** - \$2.20 per item (25 original items - \$1.95ea, over 50 originals - \$1.50ea, 100+ \$1.25ea, over 250 images 90c per image).

**Photographs (loose)** - \$1.75per item (25 original items - \$1.50ea, over 50 - \$1.25ea, 100+ \$1.00ea). **Antique photographs \$2.50ea (Ambrotype. Collodion Prints before 1900, Tintype/Ferrottype, Early Albumen Prints).** If you require photographs A4 or larger scanned please let us know on inquiry as these require special handling.

**Negatives** - \$1.75 per item (25 or more items - \$1.35ea, 50 or more items - \$1.10ea, 100+ \$1.00ea). **Glass negatives - \$5.00ea**

*All negatives must be in stripes not rolls. If your negatives are buckled or curled a good scan may not be possible.*

**Photographs in Albums** - \$2.20ea (over 25 items - \$2.00ea ea, 50+ \$1.50ea).

**Collage Boards** – (a handling fee of \$20 exists per board), with prices on inspection as these require special handling and manipulation in the scanning process.

**DVD Disc \$8.50ea** – these are archival quality disks and price includes case and artwork label. Additional copies \$8.00ea. USB flash drive price depends on memory storage capacity.

## **What Does This Include?**

1. Each item is saved in JPEG format, if you require TIFF format there is no extra charge, but you will need to request this prior to archiving.
2. The original materials are scanned at a high resolution then **reduced to 700ppi** (slides and negatives at a very high resolution). If a higher resolution is required this must be requested prior to archiving. Most photo printing locations accept 300 dpi. Your images may have to be reduced in resolution by these locations.
4. The size of the saved image is determined by the original image and will not be resized unless requested. \*Resizing incurs a cost of 35c per image.
5. The files are saved to a DVD disc or flash drive.
6. DVDs used are high quality archival discs, and the manufacturer states a life of 75+ years if cared for properly.

## **What Is Not Included?**

A slide-show presentation is not included in the above. Restoration is not included, but brightness and contrast can be requested at a cost of 25c per image.

Images are saved in JPEG format as this allows the maximum number of images to be saved and the fastest loading time.

**Original Disc Price - \$8.50 USB flash drive prices are dependent on memory size.**

**Additional copies: - \$8 per DVD (Including paper sleeve and label)**

**Flash Drive Storage \$5 handling + price of the Flash Drive**

# *Original Photographic Wall Art – limited edition*

'Misty Day' - Triptych Victoria Harbour (from the Peak) Hong Kong  
Pen and Ink Conversion - fine canvas

## **Photographic Wall Art** *Original Copyright Photographic Artwork*

For a unique and distinctive statement. Create a vibrant visual experience - at home, in the office, reception or corporate chambers. TimeLens has an ever growing exciting range of original photographic wall art that suits all decors and stylistic requirements.

Available as single prints, diptych or triptych sets. Or create your own unique stylistic statement - mix and match from across all the collections and co-ordinate to suit your own concept or colour scheme. A series of photographs can be adjusted to suit panoramic views.

Our original copyright photographic artworks are produced in limited numbers. You are one of a select few who own and display our art work. All prints are signed and dated and every print is titled and numbered on the back. Each photographic artwork is individually produced; turnaround time ranges from 9 working days for photographic prints up to 2 - 3 weeks for canvas prints or framed works.

*Prices on Inquiry*
